**Lake Camelot Community Members,**

We have served as officers of Lake Camelot Activities Club for many years. We have really enjoyed our time and have loved serving the families and this community. When we elect new officers in January 2016, we **WILL NOT** be returning as co-presidents. We hope there will be people who will step up and take over so the many wonderful events that LCAC sponsor can continue. There are very few people who attend our monthly meetings. We would encourage community members to attend meetings for the rest of this year in hopes that others will take over this wonderful committee.

Sincerely,  
Kristy Bushart and Angie Robertson

**As stated above, if no one steps up to take these positions over, all events hosted by the Activities Club may no longer exist. i.e., Breakfast with Santa, Easter Egg Hunt, Trivia Night, Jr. High Dances, Movie Night, 4th of July Snack Shop, etc.**

My wife and I wish to thank the R.T.A. Board, Activities Club, Sportsman’s Club, Land and Lakes, and all others that donated food and other donations and kind loving thoughts on behalf of our son Christopher. We are ever mindful of the heart felt emotions that have been expressed from both friends and strangers in the community towards the loss of our son.

Thank you, thank you all,  
from the bottom of our hearts.

This was a long discussion before Gary Smith made a motion to allow garden enclosure. From March 1<sup>st</sup>-November 1<sup>st</sup> this will coincide with the county codes for boats. They must all come down each year. It was seconded by Brian Woertz. There were 6 yeas and 1 nay (Cathy Doss). Motion carried.

OLD BUSINESS

**MONTHLY VIOLATION REPORTS/UPDATE** – Fine for Jerry Langenbahn, Lot 869, was waived. Matt Buczynski made a motion to waive the fine. This was seconded by Gary Smith. Motion carried. There were 5 yeas and 2 nays (Steve Harenberg and Cathy Doss). Violation Letters were to go out for garbage can rule 8.4 and yard lights rule 7.44.

**LOGAN TOWNSHIP/REPAIR CULVERT NEAR UPPER BOAT DOCK**- Logan is fixing their culvert in this area. We are looking into ours. It is not in good shape. It is approximately a 200’ run. The estimate is around \$18,000.00 to repair.

**LAKE TREATMENT UPDATE**- Greg Dennis report on treatment of the lakes. It has been difficult because of all the rain but they feel they have a good handle on it. They continue to monitor the weed growth and apply treatments as needed. Thanks to Greg Dennis and Dennis Woods for all your work.

**SUMMER BLOOD DRIVE, JULY 28, 2015**- We are still looking for blood donors for the next drive on Tuesday the 28<sup>th</sup>. The hours are 2:00-6:00 in the Clubhouse. Walk-ins are welcome!

**4<sup>th</sup> OF JULY**- The Clubs and Committees reporting positive feedback from the two day event. The weather was good both days and the firework display seemingly was enjoyed by a large crowd. Thank you to all the volunteers and to Tom Beckman and the band for a great job !!

NEW BUSINESS

**WEIR DAM/DELAMINATION OF CONCRETE OVERLAY REPAIR**- Greg Dennis reported some evidence of delamination of a concrete overlay repair on the weir dam. He stated he would like to take another look at it when there is not so much water. Steve Harenberg will be also discussing this with the folks who are checking out the bridge.

**TRIVIA NIGHT**- This event will be held on August 28, 2015. To sign up for a table please contact the Lake Camelot office. Tables of eight, \$10.00 per person.

**ANNUAL FIRE INSPECTION SERVICE/REPORT** – Glenda Carlson, GM, reported the annual fire service inspection has been completed.

**EROSION CONTROL AREAS/ROADS**- Due to the large amounts of rains received this year the road commissions offices and management have received several calls with regards to wash-out areas that have been identified near or under roads in Lake Camelot. These are being inspected and addressed. Please report any damage in these areas to either office.

**JUNIOR HIGH DANCE COORDINATOR**- Dances start in September. The kids really enjoy these dances. A Dance Coordinator is still needed and not finding an adequate replacement may result in the demise of the junior high dances. It is the third Friday each month, from September to May. The time is 8 p.m. – 10 p.m. If you have children who enjoy these, please help. They are also looking for a new D.J. whom will receive compensation.

EXECUTIVE SESSION

Motion was made by Matt Buczynski to go into executive session, seconded by Gary Smith. Motion carried at 8:30 p.m. Motion was made to come out of executive session by Brian Woertz. It was seconded by Bill Krokos. Motion carried. The time was 9:30 p.m.

Motion was made by Gary Smith and seconded by Matt Buczynski. Motion carried. Motion was made by Brian Woertz and seconded by Gary Smith to send a letter to Mr. and Mrs. Whalen about their fine and Jake Whalen’s misconduct at this board meeting. Motion carried. Glenda Carlson, GM and the Executive Board will start interviewing the applications for General Manager.

**ADJOURNMENT** – Motion was made by Matt Buczynski and seconded by Cody Martzluf to adjourn the meeting at 9:45 p.m. Motion carried.

Respectfully Submitted,  
Cathy Doss, Secretary

Minutes—Land & Lakes Committee

Wednesday, July 1, 2015

Call to Order:

Meeting was called to order at 6:30. In attendance were Glenda Carlson, Collin Cochran, Glen DeLorme, Lynn Gosnell, Steve Harenberg, John Hecker, Deb Metroff, Bernie Sieks, and Bruce Whelchel. RTA Board member Cathy Doss was also in attendance.

Report on the June Board Meeting:

Steve gave a brief report on the meeting.

Approve Revised Committee Goals for 2015:

Based on the establishment of the Ad-hoc Dredging Committee, the committee discussed and approved the revised Committee Goals for 2015.

1. When needed, share information and work with the Ad-hoc Dredging Committee.

2. Continue to identify and correct erosion problems. Develop plans to move forward on previously prioritized erosion problem areas. In addition, develop long term budget plans.

3. Develop plans that deal with the major issues in the *Dam Inspection* and *Bridge Inspection* Reports.

4. Research and make recommendations to the Board regarding a plan that will maintain and improve our lakes as first class fisheries. Continue to work with the Sportsman Club and State of Illinois Biologist.

5. Research and develop plans to control vegetation, through alternatives other than chemicals, that will create more healthy lakes and reduce sediment accumulation (i.e. mechanical equipment and aeration systems).

6. Finalize the *Dam Safety and Maintenance Manual* and work with the GM to implement the plan that addresses the yearly dam inspection report.

7. Prepare a prioritized list of projects for the next Budget (due by 10-1-15).

8. Work with the Long Range Planning committee to develop a long term budget plan.

Erosion Control Project for 2014—the West End of Lake Lancelot:

The committee discussed and reviewed progress since the last committee meeting. It was reported that the majority of the dirt has been removed. Steve recommends that no more dirt be removed from the site. The committee also discussed the need for more rock in and around the culverts to prevent further failure of the land bridge. The committee agreed that the contractor needs to fulfill his obligation as outlined in the contract. Glenda will get copies of the contract to Steve and Bruce before they meet with the contractor to discuss the remaining work on the project.

Develop Plans for 2015 and a 30 Year Plan for Erosion Control:

The committee discussed the methodology for moving the plan forward and reaffirmed that we need to get erosion under control. Based on the responsibilities of the Ad-hoc Dredging Committee, the committee discussed the need to revise the Budget plan that the committee submitted to the Board last September. The committee discussed a copy of a revised plan that included our prioritized erosion problem areas. The Committee agreed to continue working at the west end of Lake Lancelot. These areas listed on the Plan as 11, 12, 13 & 14 will be the committee’s initial focus. Steve suggested speaking with the farmers that own the fields that drain through areas 13 & 14. Bruce will contact Scott, with the USDA, to determine the best approach for contacting the land owners. Bruce will also request a list of approved contractors for future projects. Collin, Steve and Bruce will continue to reassess the previously prioritized areas and any additional areas that we need to consider. In addition to analyzing the *Hydro-graphic and Sediment Survey*, they will try to look at areas that appear to need attention. It was also reported that Kevin Sipp the Limestone Township Road Commissioner worked on areas 3 & 4. They replaced one culvert and verified the severe deterioration of the remaining culverts. The workers also discovered a cistern that the culverts were feeding into before draining into the lake. No further work was done until the problem areas are evaluated in more detail.

Major Issues in the Dam Inspection and Bridge Inspection Reports:

The committee needs to analyze what caused the problems and develop short term and long term ideas to solve/fix the problems. Steve and Bruce will work on the major issues in the Reports.

Dam Safety & Maintenance Manual that Includes our Emergency Action Plan:

The final information for the Manual has been collected and just needs to be typed and printed. Bruce is working on completing. John volunteered to assist.

Failure on Concrete Cylinder that Housed the Input for the Water Treatment Plant (Plant removed in 1999):

*Tabled until Fall of 2015*

Adjournment:

Meeting adjourned at 7:45 p.m.

Next committee meeting—August 5th

**Tuesday, July 7, 2015**  
**Call to Order:** The meeting was called to order at 5:30 PM. Committee members in attendance were Jim Sinclair, Matt Buczynski, Kevin Arduini, Suzanne Wheeler, and Darrel Hedman.  
**Report on the June 17 Board Meeting:** No report.  
**Long-Range Planning Process:**  
From prior Board comments we have updated the potential projects below to investigate and obtain estimates for planning purposes. We need the Board verify which committee should be responsible for each project.

The committee looked at the asset listing provided by the RTA accountant (many items have been fully depreciated and replaced) to determine possible next projects. We need to take tours of each facility with Greg to confirm what we have, maintenance history/contracts, and confirm what the reserve study suggests could be next replacements.

**Parking Lot Oil & Chip Seal project:** Tabled until August/September.  
**Alternate Use of Old Baseball Diamond:** Tabled until Fall.  
**30-Year Planning project:** Tabled.  
**Reserve Study:** Tabled.  
**Goal for 2015:** Create the 30-year planning document with estimates for the next two years obtained.

LAKE CAMELOT VIOLATION and FINE STRUCTURE

It is not the intent of the Board of Directors or the enforcement people to interfere with or oppress anyone, but to preserve order and maintain conditions, which are pleasant and enjoyable to the members as a whole. First time violations, when judged appropriate, will be noted in a written warning. Continued violations will result in citations being issued. Offences beyond the number of offences noted below will result in loss of privileges or other actions that are appropriate under applicable state statutes. Unpaid fines will be added to the yearly dues, with interest. Members will be considered not in good standing until all Association dues and outstanding fines are paid.
